INDEX

• Roubaisienne	pag. 09	• Kit.....	pag. 20
• Seat Box.....	pag. 29	• Luggages	pag. 32

The RBS range for the 2024 and 2025 season, comprehending the accessories and topsets, is opening itself with our satisfaction and the pride to offer to the main market something realistically superbe and unique! Thanks to the cooperation between Reglass company and our most experts we have realized something that make us glad and euphoric!

Extremely quality long poles, totally different from what the angler can normally find on the market: all the Reglass patents make us able to touch the Made in Italy artisanal feature combined with a beautiful design connected to the most innovative technology in the carbon fibers and resins world. We wish every angler to touch and test them for your passion, your most important competitions and your fishing sessions because we are really convinced to have realized something super special: something which will permit everybody to find what he is searching for in relation to his needs and his desires.

The beautiful unique design, the made in Italy style which we can breath in every single spare and the best performances which the Maver poles and topsets want to share through the anglers.... worldwide!

Matteo Pirazzini

- ROUBAISIE NNE -

The Clean Cap system protects the end of the pole sections from accidental damage due to misplaced alignment and cleans out the inner female joint every time you unship. Also will stop your sections sinking if dropped into the water.

Super toughened epoxy resin. Developed by Reglass. Following the success of Sun Core, we have modified the molecular structure of Sun Core and enhanced the mechanical performance of the pre-preg. The Super toughened epoxy resin formulation gives an extremely elegant and innovative black colour finish.

Fusion is two high modulus carbons fused together as one whilst wrapped on the mandrel. The end result being ultra rigid top kits with no tip bounce, allowing the angler to hit lightning fast bites with ease.

The ultimate pre-preg concept. This new resin strongly bonds the carbon fibres & provides the ultimate fishing action.

A special resin finish that enables the pole to be shipped incredibly smoothly & quickly. It's applied from sections 5 to the 13m butt section on many of our poles.

A fine wrap of pure teflon bonded directly onto the male joints, substantially reducing carbon to carbon wear. A simple twist locks the sections in place. We are the only manufacturer in the world that has this innovative feature.

A carbon and resin treatment providing an anti-friction finish that enables the pole to be shipped with incredible ease during wet or dry conditions. This revolutionary surface not only adds strength, but also protects the overall fishing action during hot and cold temperatures.

The first ever formulation of its kind. Exclusive to Reglass production. Nanolith provides unique characteristics of vibration, damping & high strength. The Nanolith is an exceptional molecule, it's a thousand times smaller than a single carbon wire, and creates a bond at atomic level between fibre and matrix.

This clever technology provides the angler with a silky smooth elastic system. A series of teflon coated inner steps prevents the elastic from making contact with the inner wall of the pole sections.

Very High Grade Pitch Modulus fibers M90 HGS and Ultralight multiwall System 3 M9 classified: **Competition**. Super high 1000 grade carbon fibre and P90JS Black Core S.V.Er Super vibrational damping epoxy resin.

Very High Modulus fibers M87 HMS and Ultralight multiwall System 2 M8 classified: **Competition, All round**. High grade 870 carbon fibre Black Core S.V.Er Super vibrational damping epoxy resin.

High Modulus carbon fibre M76 HM and Ultralight multiwall System 2 M7 classified: **Competition, All round, Carpodrome**. High Tensile 760 grade carbon fiber Black Core S.V.Er Super vibrational damping epoxy resin.

High Tensile carbon fibre M55 HS and Ultralight multiwall System 2 M5 classified: **Competition, All round, Carpodrome**. High Tensile 500 grade carbon fiber Black Core S.V.Er Super vibrational damping epoxy resin.

Reglass has developed a realistic and futuristic new fiber which is melting the mechanical properties of the pitch fibers with the Nanolith technology. The nano particles inside the same fiber are permitting a minimal use of the resin during the breeding moment, decreasing this way the product weight! In the meantime the Nanopitch fibers are giving to the final product the best compression strength (never seen before) reducing this way the breakages risk and making all the spares sections stiffer and stiffer in an incredible way!

The new Reglass patent HPS is a super special technology which is giving a 45° angle on the final parts of sections 6-7-8 and it permits a superlative and optimal scrolling of the pole through our hands without any brake and pain! This is technically avoiding the troublesome step which is producing problems and only now and in future will increase the easy handle during the scroll and the slide of our poles.

- KIT -

SLOT SYSTEM: Really a new system that is actioning during the fighting moment : this system is permitting us to pull the elastic in the stronger and faster way in order to have a quicker landing of the fish, even if is a real big one.

AB TIP: Ab tip system is permitting to the last kit part to become stronger ,stiffer and faster. The tip hole is even bigger in order to use hollow elastic and cones. In this way tip and section B are melted inside a unique spare!

Simply the top level pole in the range. Thanks to the Maver experts and the mutual cooperation with the Reglass engineers, we obtained a super light-weight and balanced tackle but in the meanwhile really versatile: spectacular pole which is simply superbe to handle and to use during our fishing sessions. We wanted to fix the newest topset SIGNATURE M9 in order to produce and have a top range pole chained to the top range topset! The pole is totally compatible with the full range of kits SIGNATURE M9-M7-M5 and the syster range JURASSIC R8-R6-R4-R2; we suggest to use and fix the Signature M9 topsets in order to maintain the lightness and the stiffness.

The maximum expression and quality for the poles in 2 parallel handles: the Kyon Rs9 is the most lightweight and balanced pole in the range; a tackle which is permitting ourselves to fish easy for a lot of hours without any matter! It is super lovely to handle and use it also with light and fine lines. Anyway, it can be adapted also to some carp topsets: it is becoming quite an all-round pole for the most exigent competitor. For its technical features the Kyon rs9 is simply perfect as for fish in the rivers as for the commercial competitions.

Developed from our best experts, it is a 2 parallel handle pole born after the giant success of monster carp pole. Specifically came from this super experience it is the lighter system of the carp one: it means something in the middle between an allround pole and a strong carp pole. Simply perfect for the angler who wants a technical carp pole: light, balanced, reliable and strong in the meanwhile. Perfect for compete and for fight with nice fishes as well. For this jewel we wanted to develop even specific kits: the specimen light; as the name is meaning, they are specimen product but in a lighter version. Finally something very strong and reliable but such pleasurable to fish with!

KIT SIGNATURE M SERIES

MADE IN ITALY BY: **REG/ASS**

Super technical upgrade born through the Reglass engineers for these new iper-performant topsets ! For realize this new range we wanted a particular carbon fiber: the NANOPITCH one, which in relation to the PITCH ones (used before) has got inside less resin q.ty : this strategy permitted ourselves to build up stiffer and more reliable topsets. So this is an high frequency fiber able to stop a lot of vibrations and to block the mini-movements of our poles.

The SIGNATURE M TOPSET SERIES developes itself starting from same mandrels used for the MV-R S range and like these ones these are sold ready to use (already cut on the top and fit with ptfe bushes).

KIT SIGNATURE M9 **NEW**

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8740K004	4	4.30 mt	MAX 1.8 mm	MAX 1.2 mm	92
8740K005	5	5,80 mt	MAX 1.8 mm	MAX 1.2 mm	117

Top range in the SIGNATURE series: in the frontal part we find a telescopic tip + section B; on the section C we have posed the reinforcement in order to install the slot.

KIT SIGNATURE M7 **NEW**

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8741K004	4	4.30 mt	MAX 2.0 mm	MAX 1.4 mm	93
8741K005	5	5,80 mt	MAX 2.0 mm	MAX 1.4 mm	186

Allround topset inside the SIGNATURE range: in the frontal part we find a telescopic tip + section B; on the section C we have posed the reinforcement in order to install the slot.

KIT SIGNATURE M5 **NEW**

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8742K003	3	4.30 mt	MAX 2.3 mm	MAX 1.6 mm	100
8742K004	4	5,80 mt	MAX 2.3 mm	MAX 1.6 mm	190

A carp topset inside the SIGNATURE range: in the frontal part we can find an AB tip: on the C section we build the reinforced part where we can fix and install the slot bush.

SIGNATURE CUPPING KIT **NEW**

CODE	SECTION N°	TOT. LENGHT	GR
8760K003	3	4.30 mt	116

Cupping kit really soft and super performant: perfect to be used for feed little and light balls with the possibility to maintain the touch with the same ones.

SIGNATURE T-TOP LIGHT **NEW**

CODE	SECTION N°	TOT. LENGHT	GR
08816KAB	1	1,45	11

AB TIP with a real low-weight (< 12gr) compatible with the SIGNATURE M and MV-R S topset series : perfect accessory to chain to our newest SIGNATURE M9 kits in order to make them even stiffer , especially when we use hollow elastics till 1,8 mm and also when we fish with the tip in the water with some lolly floats or when we are targeting some big fishes.

SIGNATURE T-TOP POWER **NEW**

CODE	SECTION N°	TOT. LENGHT	GR
08817KAB	1	1,45	16

AB TIP really strong and reliable: compatible with the SIGNATURE M and MV-R S topset series : ideal to chain with the newest SIGNATURE M7 topsets if we would want to increase the stiffness; particularly indicated for the use of hollow elastics till 2,3 mm sizes and also when we fish with the tip in the water with lolly floats or when we are targetign some real big fishes.

KIT JURASSIC R SERIES

MADE IN ITALY BY: **reglass**

As for the Signature range, we are in front of a real technical upgrade born through the Reglass engineers for these new iper-performant topsets ! For realize this new range we wanted a particular carbon fiber: the NANOPITCH one, which in relation to the PITCH ones (used before) has got inside less resin q.ty: this strategy permitted ourselves to build up stiffer and more reliable topsets. So this is an high frequency fiber able to stop a lot of vibrations and to block the mini-movements of our poles.

The JURASSIC R series is developed starting from same mandrels of MV-R K topsets and like these ones are cut in the proper way on the tip and bushed with the high qaulity ptfе bushes; they are also sold and distributed with the ROLLER SLOT (strip) installed.

KIT JURASSIC R8 **NEW**

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8750K003	3	4.30 mt	MAX 2.3 mm	MAX 1.6 mm	93
8750K004	4	5,80 mt	MAX 2.3 mm	MAX 1.6 mm	177

Top quality topset in the range: on the frontal part we find an AB tip with a roller slot regularly installed on the C section.

KIT JURASSIC R6 **NEW**

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8751K003	3	4.30 mt	MAX 2.5 mm	MAX 1.8 mm	97
8751K004	4	5,80 mt	MAX 2.5 mm	MAX 1.8 mm	185

Top quality topset in the range: on the frontal part we find an AB tip with a roller slot regularly installed on the C section.

KIT JURASSIC R4 **NEW**

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8752K003	3	4.30 mt	MAX 2.5 mm	MAX 1.8 mm	112
8752K004	4	5,80 mt	MAX 2.5 mm	MAX 1.8 mm	201

Top quality topset in the range: on the frontal part we find an AB tip with a roller slot regularly installed on the C section.

KIT JURASSIC R2 **NEW**

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8753K003	4	4.30 mt	MAX 2.8 mm	MAX 2.1 mm	113
8753K004	5	5,80 mt	MAX 2.8 mm	MAX 2.1 mm	203

Top quality topset in the range: on the frontal part we find an AB tip with a roller slot regularly installed on the C section.

COMMERCIAL CARP KIT

MADE IN ITALY BY: **REG/ASS**

Considering the super success of the latest commercial range, we want now to increase the technical level as the performances of these kits dedicates especially for fisheries and commercials. The design is simply beautiful too: now is born the COMMERCIAL CARP KIT XS. I kit COMMERCIAL CARP XS which are developed with 3 sections kits (tip AB+C) with total length 2,55mt , already slotted and bushed on the top with ptfe bush internal 3,6mm or 4,8mm (depending by which kit) : the slot used is the newest one which permit the "zero friction of the elastic inside the spare"

Reglass engineering is simply superb in order to permit us to create the best performances : lightness and strength combined together !! Another new feature is the signs and the numbers we are printing on the same spares which are permitting us to understand and know always the depth we are fishing ! Now you can know easy and quickly where you are fishing.....surface, medium depth or bottom.

COMMERCIAL CARP KIT MATCHLITE XS

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	GR
8723K002	2	2.55	MAX 2.3 mm	40

The top of the series, indicated for fish as carass, f1, little carps and possible to be used for elastics up to 2,3mm.

COMMERCIAL CARP KIT POWERLITE XS

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	GR
8724K002	2	2.55	MAX 2.5 mm	41

A sensational high quality kit realized with super quality materials which permit us to have a super strong and stiff tackle with a lightweight sensation in the hands, ideal to support elastics till 2,5 mm

COMMERCIAL CARP KIT POWER XS

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	GR
8725K002	2	2.55	MAX 2.8 mm	50

The correct kit to be used where you need to catch a lot of fishes, rushing in the quickest way. It is supporting elastics till 2,8 mm and is incredibly stiff, reliable and light!

COMMERCIAL CARP KIT POWERPLUS XS

CODE	SECTION N°	TOT. LENGHT	ELASTIC HOLLOW	GR
8726K002	2	2.55	MAX 3.1 mm	65

With this kit you can catch many many fishes, in the quickest time and you can win the fight even with the biggest catches without any problem! The biggest carps will be your target with zero worries. Elastic rating up to 3,1mm but we can of course use even bigger ones!

COMMERCIAL CARP KIT CUPPING XS

CODE	SECTION N°	TOT. LENGHT	GR
8727K002	2	2.55	52

COMMERCIAL CARP KIT GREY XS MADE IN ITALY BY: **reglass**

CODE	SECTION N°	CLOSED MT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8728K002	2	1.50	MAX 2.3 mm	MAX 1.6 mm	42

Developed for fish in the surface inside the fisheries; Its particular color is making the same kit invisible because every fish cannot see neither the kit neither the shadows, mixing its color perception with the sky reflections ; for realize this super topset we have used the best quality materials which are permitting us to have a super strong, stiff but in the meanwhile really litght kit ; ideal for fish with elastics in the sizes rating around 2,5 mm!

COMMERCIAL CARP KIT GREY 1PC XS MADE IN ITALY BY: **reglass**

CODE	SECTION N°	CLOSED MT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8729K001	1	1.74	MAX 3.1 mm	MAX 2.1 mm	39

2,55mt cupping usable in parallel to the COMMERCIAL CARP XS series : the particular feature is that this cupping is perfectly built to the same length of the whole range of kits, and you don't need to cut it!

MV-R SPECIMEN XS GREY MADE IN ITALY BY: **reglass**

CODE	SECTION N°	TOT. LENGHT	GR
8730K002	2	2.80	63

A topset studied for fight against big fishes in the shallow waters or in the surface. Its grey color permits a perfect invisibility for the fishes, even the most suspicious ones

MV-R SPECIMEN COMPETITION XS GREY MADE IN ITALY BY: **reglass**

CODE	SECTION N°	TOT. LENGHT	GR
8731K002	2	2.80	57

A topset studied for fight against big fishes in the shallow waters or in the surface. Its grey color permits a perfect invisibility for the fishes, even the most suspicious ones

UNIVERSAL KIT

MADE IN ITALY BY: **reglass**

KIT MV-R SPECIMEN XS

CODE	SECTION N°	CLOSED MT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8720K003	3	1.50	MAX 4.2 mm	MAX 3.0 mm	128
8720K004	4	1.60	MAX 4.2 mm	MAX 3.0 mm	244

Without any compromise we wanted to build up a kit dedicated to catch fish as biggest carps, esturgeons, catfishes and similars; They have reinforced part on the sections C-D in order to build a slot when needed : it is supporting easily hollow elastics till size 4,2 mm.

KIT MV-R ULTRA SPECIMEN XS

CODE	SECTION N°	CLOSED MT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8721K002	2	1.40	MAX 6.5 mm	MAX 5.0 mm	67
8721K003	3	1.50	MAX 6.5 mm	MAX 5.0 mm	154
8721K004	4	1.60	MAX 6.5 mm	MAX 5.0 mm	333

The most powerful kit you have ever seen developed to search and land monster fishes even over 20 kg ! Built with reinforced parts on sections C and D in order to create own slots. They can support hollow elastics till 6,5mm size... a really no-limit kit.

KIT MV-R SPECIMEN COMPETITION XS

CODE	SECTION N°	CLOSED MT	ELASTIC HOLLOW	ELASTIC SOLID	GR
8719K003	3	1.50	MAX 2.8 mm	MAX 2.0 mm	109
8719K004	4	1.60	MAX 2.8 mm	MAX 2.0 mm	201

This topset borrows on the mv-r specimen mandrels: in front of the specimen ones these are more technical and a bit lighter , maintaining the force and the strength, (2,5mm and 2,8mm average sizes) for the angler who need a carp or allround pole but in the meanwhile something nice and lighter than a standard carp pole. We produce them with reinforcement on section C and D in order to drill and slot them where we the angler will desire !

KIT MV-R CUPPING SPECIMEN XS

CODE	SECTION N°	CLOSED MT	GR
8722K003	3	1.50	140

A cupping kit studied for feed with cups and specifically built on MV-R SPECIMEN and ULTRASPECIMEN XS mandrels.

FIGHTER

MADE IN ITALY BY: **REG/ASS**

The fighters sections are simply a must through the competitors accessories.

The newest FIGHTER XS and KS are interchangeable to the original rods spares but are realized with special reinforced carbon fibers which permit us to fish in short distances avoiding the breakages of standard spares; are studied in order to be fit with the related poles elements as in the above section as in the below one : just for example if you want to fish handling the number 7 , we can use the original spares till the number 6 and use the FIGHTER XS N°7 as it was a real strong butt section . And if we need to quickly extend the lenght, we can fit below the section 11,5 or 13 mt !

FIGHTER 4XS - 5XS are compatible with all the poles of the latest seasons.

FIGHTER XS2 are fitting the range KYON and with all the latest seasons poles (last 3 years) in 2 parallel sections , with a little tolerance.

FIGHTER XS3 are fitting all the latest seasons poles (3 latest seasons) with 3 parallel handles with a little tolerance.

FIGHTER KS are fitting with the Evanon Top Match and Top carp, and with the Evanon K801.

CAMARO SEAT BOX

Maver is presenting the newest CAMARO SEAT BOX, as top level box for the 2024 season: it is 10% lighter than the average, maintaining the same details as reliability and super-strength. The 4 legs system is not in need of presentation because everybody knows what this patent means in term of stability, durability, speed and many more benefits during the fishing sessions!!! External 36mm legs with internal 30 mm telescopic part which are granting a parallel ground fitting to the "0 level"; the aluminium foots are permitting a superlative grip on the same ground never seen before as on the soft ones as on the gravels, stones or cement. The seatbox is presented and sold in just one configuration: aergonomic seat in carbon look with lateral 3cm drawer, module with 2 frontal 6 cm drawers plus another 3cm hooklinks module-holder. All the hinges are "fast block" edition, peronalized as for the knobs. The Camaro can be completed, adjusted and "updated" with all the MV-R and Signature accessories presented in the Maver range.

These General Sales Conditions ("GSC") will be valid for every sale agreement (as defined below) entered into between the Seller (as defined below) and the Buyer (as defined below), even those not yet expressly referenced herein, and when expressly accepted.

1) Definitions

When they begin with a capital letter, the terms and expressions used in these General Sales Conditions have either the conventional meaning or the meaning set out hereunder: - "Sale Agreement": the agreement between the Seller and the Buyer for the transfer to the latter of ownership of an object for consideration;

- "Seller": Paioli Sport Srl sede legale in 40138 Bologna via del vetraio 25

- "Buyer": the natural or legal person to whom ownership of goods produced or marketed by Paioli Sport Srl is transferred;

- "Parties": the Seller and Buyer referred to jointly;

- "Products": fishing sport takes marketed by the Seller, as stated on the price list thereof applicable at the time of entry into the Sale Agreement;

- "General Sales Conditions": the terms and conditions set out herein, which are part and parcel of each Sale Agreement entered into between the Seller and the Buyer for the sale of the Products.

The Seller reserves the right to amend or supplement the General Sales Conditions by simply giving the Buyer notice of these changes. If the amendments or supplements to the General Sales Conditions are not accepted in writing by the Buyer within 15 days of the date of the notice, the Seller may terminate any contractual relationship in place with the Buyer, in which case the latter may not claim any damage or compensation.

2) Entry into agreement

subject to the provisions of Article 8 hereunder, the Sale Agreement will be entered into when:

a) Through actions such as, but not limited to, sending the Seller a letter of credit or making payment of all or part of the price of the supply, the Buyer unconditionally accepts the contractual proposal, however made, by the Seller;

b) Through actions such as, but not limited to, delivering the Products to the Buyer, the Seller unconditionally accepts the contractual proposal, however made, by the Buyer;

c) Through actions such as, but not limited to, sending the Seller a letter of credit or making payment of all or part of the price of the supply, the Buyer unconditionally accepts the novation of the contractual proposal made by the Seller in response to the Buyer's original proposal, however notice thereof is given.

Unless expressly waived in writing, the General Sales Conditions referred to in this document apply to each individual Sale Agreement as described above, even if not expressly stated and accepted. Therefore, any other contractual conditions than those stated herein, even if stated in writing on paperwork (forms, etc.) issued by the Buyer, will have no validity unless expressly accepted in writing by the Seller. In no case may the Seller's conduct be construed as acceptance of any other contractual conditions than those referred to in these General Sales Conditions. Likewise, the Seller's agents' conduct/actions cannot be held against the Seller since the said agents do not have power of representation thereof. Any order cancellations must be sent to PAIOLI SPORT SRL by P.E.C. (certified electronic mail) or recommended letter mail A.R. no later than 30 days from the signing of the order: in default the buyer will not be able to refuse the purchased goods and will be required to pay.

3) Scope of the agreement - Product features

Each Sale Agreement (order) will cover solely the Products (type, quantity, ...) expressly stated in the contractual documents, (i.e. hand writing order and/or web order.) The Seller hereby declares that the Products comply with the applicable Italian and European regulations for the industry, but specifies that the representations and/or images thereof included in catalogues, brochures, websites, or the like are merely illustrative and in no way binding. Before entry into each individual Sale Agreement, the Buyer must verify that the Products are suitable for the purpose and/or specific use for which it intends to purchase them. The Buyer must also verify, relieving the Seller from any liability in this regard, that the Products sold comply with the legislation in force in the country where it intends to import them. Without prejudice to the no-fault guarantee, the Buyer will hold harmless the Seller against any claims by its assignees of alleged unsuitability of the Products or that the Products fail to meet their needs. In any case, the Buyer hereby acknowledges the quantitative and qualitative tolerance margins allowed to the Seller in accordance with the uses and/or practices of the sport fishing industry.

4) Delivery terms

The delivery terms must be deemed approximate and the extension thereof will not, in any event, entitle the Buyer to seek compensation. Partial deliveries will also be allowed. If the Buyer does not collect the Product within 10 (ten) days of the date of notice of goods ready, the Seller is entitled to establish a new delivery term. If the Buyer subsequently fails to collect the Products within the second term established by the Seller, the former will become liable for the warehouse costs which accrue from that time onwards and the Seller will be relieved of any liability for damage or wear to the Products.

5) Packaging - Delivery methods - Seller's obligations - Buyer's obligations

The Products will be packed and prepared for shipment using the protective systems generally employed by the Seller for the Products in question based on the agreed transport methods. If the Buyer deems it necessary to use special packaging or additional protection, express request therefor must be made to the Seller and the higher costs therefor must be paid by the Buyer. Unless specified otherwise in writing, the Products covered by each individual Sale Agreement will be made available to the Buyer ex works (EXW) at the warehouse of Bologna. Upon delivery, the Seller undertakes solely to load the Products onto the delivery vehicle sent by the Buyer, with all further obligations hereby excluded, such as, but not limited to, those relating to customs clearance operations. The Seller will not be liable for any loss or damage to the Products following delivery. Any loss of or damage to the Products following delivery will not exonerate the Buyer from payment of the price thereof. The goods are always sold ex our warehouse (EXW) and in any case, even if carriage paid or with shipping costs contribution, always travels at the customer's own risk. If the package arrives unconditionally and/or broken, to activate the transport insurance it is mandatory upon receipt of the goods make a reservation of control by mentioning the type of damage that the package has.

6) Products intended for export - VAT regime - Environment Contribution - CONAI (Italian packaging consortium) - Buyer's obligations

6.1) VAT

With reference to the Sale Agreements for the Products when intended for export, the Buyer, in the event, must notify the Seller in writing of any different destination of the goods with respect to that stated in the transport document, within 72 hours of the date set for delivery to the original destination. Following this notice, the Seller will arrange for VAT requirements to be met. In any case, the Buyer must hold harmless the Seller against any taxes, surcharges, penalties, interest, and expenses resulting from the delivery of the Products to a place other than that stated in the transport documents.

6.2) Environment Contribution - CONAI

Given that the packaging (known as "full packaging") used for the Products intended for export (whose waste is managed abroad) is exempt from the Environment Contribution payment and is outside the scope of CONAI, the Buyer will be exclusively liable for the management of the packaging of the Products purchased for export and, where applicable, for the environment contribution (however named) in the foreign country to which the goods are exported. Based on the foregoing, if the Product was originally intended for export but subsequently delivered within Italy, and therefore the packaging will be handled in Italy, the Buyer must immediately notify the Seller of the new destination of the full packaging in order to arrange for the said contribution to be duly paid to CONAI.

7) Force majeure

Each party may suspend performance of the obligations arising therefor from each specific Sale Agreement when such performance becomes impossible or objectively too burdensome as a result of an unforeseeable circumstance beyond the party's control. In such cases the deadline for performance will be extended by the length of time consisting of the duration of the force majeure event. If the impediment persists for over 90 (ninety) days, either party may withdraw from the specific Sale Agreement by notifying the other party thereof in writing. Purely by way of example, the Parties hereby acknowledge that the Seller deems the following situations force majeure events: wars, fires, earthquakes, floods, tsunamis, strikes, pandemics, difficulties arising with the workforce, scarcity or difficulty in procuring raw materials, restrictions concerning energy use, suspension of or difficulties during transportation, plant failures, action by public authorities, or any other situation which cannot reasonably be foreseen or which the Seller cannot remedy with ordinary diligence.

8) Prices - Payment terms - Defaults

The prices of the Products on the price list applicable at the time the agreement is entered into are stated in euros, before VAT, and refer to the Seller's standard packaging methods for ex-work deliveries. Statutory VAT must be paid as stated on the invoice. The sums due for any costs and expenses charged to the Buyer, such as the cost of additional packaging, must be paid in advance by the Buyer to the Seller. The place of payment is hereby established as the Seller's registered premises, even in the event of issue of bank drafts or direct debits, or bills of exchange. Any acceptance by the Seller of bills of exchange, promissory notes, assignments, or bank cheques is always understood as agreed under usual reserve and/or subject to recourse and without novation of the debt. Payment is due in full as per the methods and terms stated in the specific Sale Agreement; if the agreement does not specify the terms and conditions of payment, these must be finalised when the Products are delivered. In no event will the Buyer be discharged by payments made to the Seller's sales agents. In the event of failure to make timely payment for the Products according to the agreed terms, in addition to any other protection offered by the law or the specific Sale Agreement, the Seller may also suspend deliveries that have not yet been processed and apply interest on arrears in accordance with the provisions of Italian legislative decree n. 231 dated 2002. Once 30 (thirty) days have lapsed since expiry of the term of payment without the payment being made, the Seller may consider every single Sale Agreement in force with the Buyer terminated and demand immediate payment of all outstanding receivables originating therefrom, regardless of the payment terms originally agreed (including any deferred payments). In the aforesaid event, the Seller will be able to offset the receivables due thereto for provisions supplied against any payables due thereby resulting from the collection of any advances. The Seller may also suspend deliveries of the Products in the event that the Buyer - even if not yet in arrears to the Seller - has experienced a decrease in its assets or has failed to provide the guarantees promised. Without prejudice to the suspension of performance of the aforesaid individual Sale Agreements, the Seller may withdraw from each individual agreement if the Buyer fails to provide an adequate guarantee of its solvency within 15 (fifteen) days of this being requested. The selling party and the buying party agree that interest will be paid on late payments at the market rate.

9) Retention of title

The Products covered by each individual Sale Agreement will remain the property of the Seller until the Buyer has paid the price thereof in full. Until payment has been made in full, the Buyer will undertake the obligations and responsibilities of bailee and will not be able to sell, loan for use, or allow the Products to be sequestered or attached without declaring the Seller's ownership thereof. In the event of such activities/measures, the Buyer must immediately notify the Seller by recorded delivery letter with advice of receipt.

10) Guarantee

The Seller guarantees that the Products are faultless and flawless. The guarantee falls within the limits of Art. 1495 of the Italian Civil Code and is subject to the further limitations set out in this article, as well as the customary tolerances. Any specification of weights, sizes, dimensions, colours, shades, and other data contained in the Seller's catalogues, brochures, and folder are illustrative only and in no way binding. In any case, the Seller's guarantee is limited to first class products only, that is, they are not sold as disposable goods or as seen and liked. Upon receipt of the Products, the Buyer is required to perform a thorough visual inspection thereupon. In the event that the Buyer finds faults in the Products, the former must file a complaint to the Seller in writing within eight (8) days of receipt thereof and keep the entire consignment of material at the Seller's disposal. Failure to comply herewith will result in forfeiture of the guarantee. The complaint must contain the relative invoicing data and a detailed description of the claimed fault, accompanied, where possible, by photographs. If the complaint should prove to be unfounded, the Buyer must make good to the Seller the expenses incurred for any inspection activities performed (appraisals, travel, etc.). Hidden faults must be reported to the Seller in writing within eight (8) days of the date of discovery thereof and failure to comply herewith will result in forfeiture of the guarantee. In any case, the Buyer's action to exercise the guarantee for faults must take place within 12 (twelve) months as of the date on which the Products were delivered. If the faults reported by the Buyer are confirmed, the Seller will replace the faulty Products at its own expense. If replacement is not possible, the Buyer will be entitled to a refund for the price paid and to reimbursement of the carriage costs, with any other compensation for direct and/or indirect damage caused by the faulty nature of the Products hereby expressly excluded. The costs for returning the Products will be borne by the Seller. The Parties acknowledge and agree that the warranty for obvious defects will expire following tampering with the Product. Likewise, the Purchaser acknowledges and declares excluded from the warranty any flaw or defect resulting from incorrect use, modification or alteration of the Products themselves, attributable to the Buyer.

11) Solve et Repete

The Buyer will not be able to suspend or delay payment for the Products for any reason, including alleged faults or flaws therein, without - naturally - prejudice to the right to a refund when it can be demonstrated that a payment has been made unduly.

12) The Seller's trademarks and distinctive signs

The Buyer is authorised to use the Seller's trademarks, names, or other distinctive signs for the sole purpose of distinguishing and advertising the Products thereof, but use of the aforesaid distinctive signs on the Buyer's headed paper, advertising material, or on other material in any way aimed at third parties must be agreed with the Seller in advance in writing. The Buyer's right to use the Seller's trademarks, names, or other distinguishing signs will cease 180 (one hundred and eighty) days after the date on which the Parties enter into the last Sale Agreement. The Buyer will inform the Seller of any infringement of the Seller's trademarks, names, or other distinctive signs which may come to its knowledge.

13) Confidentiality

The Buyer is bound to maintain utmost confidentiality regarding any technical and commercial information obtained through each individual Sale Agreement. The confidentiality duty is undertaken for the entire duration of the relationship between the Parties and for one (1) year as of the date on which the Parties enter into the last Sale Agreement. Failure to comply with this confidentiality duty will result in the right to compensation for any damage which may arise.

14) Applicable Law - Competent Authority For each Sale Agreement entered into between the Buyer and the Seller, all matters not expressly governed by these General Sales Conditions will be governed by Italian law. In the event of an international sales relationship, for all matters not governed by these General Sales Conditions, the Vienna Convention of 1980 will apply and for all matters not governed by the latter, the Italian Civil Code will apply. Any dispute arising between the Parties regarding the interpretation, validity, or performance of each Sale Agreement governed by these General Sales Conditions will be submitted to the exclusive jurisdiction of the Court of Bologna, subject to the jurisdiction of the Business Division of the Court of Bologna for the matters within the remit thereof. However, only the Seller is entitled to take action before the competent authority within the geographical jurisdiction of the Buyer.

15) Personal data processing

The Parties hereby declare that they mutually authorise the processing of personal data for the purposes of performing the individual Sale Agreements entered into with the application of these General Sales Conditions.

16) Final provisions

Any invalidity of individual provisions of these General Sales Conditions, either in whole or in part, will not affect the validity of the remaining provisions. These General Sales Conditions may be amended or supplemented exclusively by the Seller and solely in writing.
